Registration	You register for activities through stads selybetjening during the announced registration period, which you can see on the Study administration homepage. When registering for courses, please be aware of the potential conflicts and overlaps between course and exam time and dates. The planning of course activities at Roskilde University is based on the recommended study programmes, which should not overlap. However, if you choose optional courses and/or study plans that goes beyond the recommended study programmes, an overlap of lectures or exam dates may occur depending on which courses you choose. In case of too few registrations, the course will be cancelled.
Detailed description of content	With innovation and leadership perspective in mind, the course covers methods of managerial economics of companies. This includes an advanced discussion on both financial and non-financial performance management methods (e.g. CSR-accounting, knowledge-accounting etc). The aim of the course is to enable the students to analyse and assess companies, and especially innovative companies, their business activities, financial and non-financial decision methods and their business implementation. Thus, the objective of the course goes beyond budgeting and control techniques by visiting modern dynamic methods beyond budgeting as well as reflecting upon them related to different company cases.
Expected work effort (ECTS-declaration)	Expected work effort is 135 hours, including: lectures 20 hours, preparation 67 hours, and exam 48 hours. This is equivalent to 5 ECTS.
Course material and Reading list	Literature will be posted at Moodle for each lecture including the lists of exercises.
